

Doctor's House Calls *of Idaho*

Our Doctors can come to you!

Our team of Health Care Providers offer patient centered care at your place of residence, whether that be a private residence, independent living community assisting living facilities, and in some situations skilled nursing facilities.

PRIMARY CARE PROVIDER (PCP) SERVICES

We provide primary care services to those patients who do not have a current PCP and can coordinate interim care should your existing PCP be unavailable. We can do a medical encounter similar to those you experience in a clinic setting. We can coordinate laboratory services, prescribe medications, and coordinate to specialists and other healthcare professionals as necessary. Our services are available to those who are unable to seek medical care in a clinical setting, and prefer to receive services inside their own home.

URGENT CARE

We can provide our house call services on an urgent basis whenever possible.

TRANSITION CARE

We provide treatment and oversight for patients over 18 years of age, in the convenience of your own home.

**Medicare, Medicaid, Many Private Insurances,
and Private Pay accepted!**

Jennifer Gooding MSN, FNP-C

Jennifer Gooding is a Family Nurse Practitioner. She attended the University of Washington earning a Bachelor's of Science degree in Nursing and Gonzaga University earning a Master's of Science in Nursing. She is nationally Board Certified as a Family Nurse Practitioner through the American Association of Nurse Practitioners. She has provided nursing care for over 25 years and has more than 12 years of experience as a Nurse Practitioner. She has a wide range of experience providing care in hospital, skilled nursing, clinic, and home settings. She has focused her career on providing care to geriatric patients; managing chronic disease and acute illness and when indicated palliative and hospice care. Her care focuses on striving to improve her patient's quality of life. She prefers to provide service to patients where they reside. She assists patients through transitions and strongly believes that care is best provided through communication and coordination with care providers, families, specialists and community resources. She has practiced in the Treasure Valley since 2002. When not working she enjoys spending time with her grown children.
